

Information and Agreement regarding the Registration Legislation Provisions and the Use of Local Phone Numbers and IP Addresses provided

Business address

In case the office and/or business address is used in the framework of a virtual office, the customer is obliged to fulfil the necessary official registration requirements (business registration office, local court, etc.). He hereby states that he will fulfil his obligations under registration legislation promptly after the conclusion of this contract.

A virtual office (business address with mail service) alone might not be sufficient for the purpose of such a registration. The registration of a company with a head office or a main establishment with the direct execution of legal transactions (preparation of invoices, publication in the internet imprint) might possibly necessitate leasing of an office in which the material company documents have to be retained.

BBS local phone numbers and IP addresses

The phone numbers and/or IP addresses are the property of *BBS* and are only provided to the customer for the duration of the term of the contract. A transfer is not possible and is hereby considered as not agreed.

The local phone numbers provided by *BBS* for use may only be used and communicated if there is a local connection. This means a Wiesbaden company address with us or a proven address at another official business establishment within the area of the area code 0611 is required for the provision of a Wiesbaden phone number for the purpose of publication.

If an exclusive phone service according to the ecosPHONE service package is used, the customer may only use the phone number/s provided by *BBS* internally as a destination for forwarding of calls and must not publish these.

The local phone numbers and/or IP addresses provided by *BBS* for use may only be used in the framework of the respectively valid legal provisions applicable in Germany. Any unlawful use (e.g. unauthorised acquisition via phone, fax or e-mail spamming, dissemination of illicit content, etc.) authorises *BBS* to immediately switch off or block the phone numbers and IP addresses provided.

The customer hereby states that he will regularly inform himself of the respectively current registration legislation obligations and provisions regarding the use of local phone numbers and IP addresses and comply with these. In case the official requirements are not complied with, *BBS* reserves the right to an extraordinary termination according to the GTC.
